JOB OPPORTUNITY ANNOUNCEMENT

FOR MORE INFORMATION CALL HUMAN RESOURCES AT (312) 814-1700

Job Title: Junior JAVA Developer

Salary Range: \$40,000-60,000 DOQ

Position Location: Springfield, Illinois.

Overview: As a Web Developer in the MIS Division this individual will provide application development including coding, testing, documentation, and upgrading of new and existing software systems. This position is expected to facilitate the divisions move up the technology curve.

Responsibilities: Develop complex user interface, frameworks, algorithms, or business processes in the division's standard software tool set. This software tool set includes Java, HTML, JavaScript, and MS SQL. The Developer is also responsible for producing and testing modifications, enhancements and general software anomalies while following division change control policies.

Requirements/Qualifications: A Bachelors degree in a science or engineering discipline. Candidates should be familiar with various Open Source technologies including Eclipse, Tomcat, and other Apache Software Foundation initiatives.

All candidates should possess strong analytical skills, and an understanding of Object Oriented principals and their application.

Application Process: Send application materials including letter of interest, salary requirements and resume to Director of Human Resources, Office of the Illinois State Treasurer, 100 West Randolph, Suite 15-600, and Chicago, IL 60601 or email HR@Treasurer.state.il.us.

Deadline Date: Applications will be accepted until the position is filled.
